

Judson W. Partin

Institute for Geophysics, Jackson School of Geosciences, The University of Texas at Austin, Austin, TX 78758

Phone: Cell (512) 418-6676, Office (512) 471-7775, Fax (512) 471-5585

e-mail: jpartin@ig.utexas.edu

EDUCATION

Ph.D. in Earth and Atmospheric Sciences, Georgia Institute of Technology, May 2008

M.A. in Physical Chemistry, University of Southern California, August 2000

B.S. *magna cum laude* in Chemistry, The Citadel, May 1997

PROFESSIONAL EXPERIENCE

Research Associate, The University of Texas at Austin, 2014 – present

Research Scientist Associate V, The University of Texas at Austin, 2011 – 2014

Post-doctoral Researcher, The University of Texas at Austin, 2008 – 2011

Teaching and Research Assistant, Georgia Institute of Technology, 2002 – 2007

Optical Engineer, Oplink Communications, San Jose, CA, 2000 – 2001

Teaching and Research Assistant, University of Southern California, 1997-2000

RESEARCH INTERESTS

Understanding externally forced and internally driven climate changes using different paleoclimate archives to help evaluate current climate trends, and ultimately the climate models that are used to project future changes. Techniques include using speleothems, corals, and marine sediment core proxies to study tropical climate processes, quantifying uncertainty in paleoclimate proxies, and using climate model-proxy data comparisons to identify mechanisms of climate changes.

RESEARCH GRANTS

PI - Partin, J.W. "Western Pacific Warm Pool Hydroclimate during the Last Glacial Maximum and the Deglaciation" Award Number 1404003. Past Perspectives on Climate Change (P2C2) Competition in the Paleoclimate Program of the US National Science Foundation. Jul. 2014 – Jun. 2017. Amount: \$530,005.

PI - Partin, J.W. "Collaborative Research: Holocene Hydrologic Variability across the Western Pacific Warm Pool" Award Number 1003700. Paleoclimate Program of the US National Science Foundation. Jan. 2011 – Dec. 2013. Amount: \$504,472.

TEACHING EXPERIENCE

Course Instructor: Marine Geology at the University of Texas at Austin (2 semesters, Fall 2014, 2015).

Teaching Assistant: Honors General Chemistry at the University of Southern California (3 semesters); How to Build a Habitable Planet (4 semesters) and Introduction to Geology (1 semester) at the Georgia Institute of Technology.

FIELD EXPERIENCE

Led caving expedition to Karnataka, India, Feb. 2015

Led caving expedition to Vanuatu, Sep. 2012

Led caving expedition to Solomon Islands, Aug. 2012

Led caving expedition to Samar, Philippines, Jul. 2012

Participated in expedition to drill corals in Vanuatu, Aug. 2011

Led caving expedition to Solomon Islands, Aug. 2010

Led caving expedition to Vanuatu, Jul. 2010

Led caving expedition to Mangilao, Guam, Mar. 2010

Participated in caving expedition to Gunung Mulu National Park, Malaysia, Feb. 2010

Led caving expedition to Mangilao, Guam, Jun. 2009

Led caving expedition to Mangilao, Guam, Jan. 2009

Participated in caving expedition to Palawan, Philippines, Dec. 2008

Participated in caving expedition to Mangilao, Guam, Aug. 2008

Participated in caving expedition to Gunung Mulu National Park, Malaysia, Aug. 2008

Led caving expedition to Gunung Mulu National Park, Malaysia, Jun. 2006

Participated in caving expedition to Gunung Mulu National Park, Malaysia, Mar. 2005

PROFESSIONAL SOCIETY MEMBERSHIPS

American Geophysical Union

Geological Society of America

MENTORING of STUDENTS

Graduate

Dissertation Committee Member of Kaustubh Thirumalai at The University of Texas at Austin, expected graduation date Fall 2015

Undergraduates

April Trevino, Undergraduate Research at The University of Texas at Austin, 2015

Timothy Williams, Undergraduate Research at The University of Texas at Austin, 2015

Keith Young, Undergraduate Research at The University of Texas at Austin, 2015

Katherine Lindzey, Research Experience for Undergraduates Program at The University of Texas at Austin for summer 2012

Diana Zamora, Louis Stokes Minority scholarship program to study at The University of Texas at Austin for summer 2009

Selene Castillo, Research Experience for Undergraduates Program at The University of Texas at Austin for summer 2009

OUTREACH

Interview with MSNBC about abrupt climate change, 9 Sep. 2015

Interview with Washington Post about abrupt climate change, 7 Sep. 2015

Radio Interview by KUT, NPR station – Austin, TX about abrupt climate change, 2 Sep. 2015

Online Interview with the Generation Anthropocene Podcast of The Smithsonian (<http://www.smithsonianmag.com>) about abrupt climate change, 2 Sep. 2015

Radio Interview on KVRX (<http://www.kvr.org>), 'They Blinded Me With Science' Program, 30 Jun. 2014

Served as an instructor for the GEOFORCE Program of the University of Texas at Austin for the trip to Florida to study coastal processes. 6 Jun. – 11 Jun. 2014

Served as an instructor for the GEOFORCE Program of the University of Texas at Austin for the trip to Port Aransas, TX to study coastal processes. 31 Jul. – 5 Aug. 2013

HONORS

Best oral presentation award at Georgia Tech EAS graduate student symposium, 2007

Georgia Tech EAS Chair Service Award, 2005

Presidential Fellowship at Georgia Tech, 2002

Harold and Lillian Moulton Chemistry Fellowship for research in chemistry at USC, 1999

Excellence in Teaching at USC (Awarded to one Teaching Assistant per discipline per semester), 1998

ACS Section Outstanding Achievement Award in Organic Chemistry, 1997

Phi Kappa Phi Honor Society, 1996

Citadel Scholar Full Scholarship, 1993 - 1997
