Publications

Reports, Monographs, Brochures, Pamphlets, Bulletins

Guidebooks

Articles

Peer Reviewed

Non-Peer-Reviewed

Collins, E. W., 2007, Lower Cretaceous Trinity rocks at and near historically key outcrops along the Pedernales River valley, Central Texas, in Hunt, B. B., Woodruff, C. M., Jr., and Collins, E. W.,

Queen City Formation and related papers: Gulf Coast Section, Society of Economic Paleontologists and Mineralogists, field trip guidebook, p. 67–70.

Abstracts

Collins, E. W., 1993, Quaternary faults of West Texas (abs.): Geological Society of America, Cordilleran Section, Abstracts with Programs v. 77, no. 9, p. 1584.

Collins, E. W., 1983, Joints and joint densities at Caprock Canyons State Park, Briscoe County, Texas Panhandle (abs.): Geological Society of America, Abstracts with Programs, v. 15, no. 1, p. 3.

Contract Reports

Paine, J. G., Collins, E. W., and Nance, H. S., 2006, Geophysical investigations of salinization along the Upper Colorado River between Lake Thomas and Ivie Reservoir, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for Texas Commission on Environmental Quality, under contract number 582-4-56385, work order no. 6, 111 p. + CD-ROM.

Paine, J. G., Nance, H. S., and Collins, E. W., 2005, Geophysical investigations of salinization along Petronila Creek, Nueces and Kleberg Counties, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for Texas Commission on Environmental Quality, under contract number 582-4-56385, work order no. 6, 69 p. + CD-ROM.

Paine, J. G., and Collins, E. W., 2004, Reconnaissance geophysical investigations of salinization along Petronila Creek (TMDL Segment 2204), Nueces and Kleberg Counties, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for the Texas Commission on Environmental Quality, under contract number 582-4-56385, work order no. 4, 39 p. + CD-ROM.

Paine, J. G., and Collins, E. W., 2004, Reconnaissance geophysical investigations of salinization along the upper Colorado River (TMDL Segment 1426), Coke and Runnels Counties, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for the Texas Commission on Environmental Quality, under contract number 582-4-56385, work order no. 4, 32 p. + CD-ROM.

Geology, final report prepared for U.S. Geological Survey, under cooperative agreement 02HQAG0012, 20 p. + map, scale 1:100,000.

Collins, E. W., and Raney, J. A., 1996, Geology of Sierra Del Carmen, West Texas and Mexico: a general geologic framework to support mapping of biologic (botanical) resources: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for the National Biological Service, under contract no. 1445-0004-95-9115, 14 p. + 2 pls.

Collins, E. W., and Jackson, M. L. W., 1985, Mineral resource evaluation of the proposed Big Sandy reservoir site: The University of Texas at Austin, Bureau of Economic Geology, report prepared for the Sabine River Authority of Texas, 55 p.

Atlases/Maps/Cross Sections

Collins, E. W., 2007, Geologic map of the Del Rio, Texas, area: The University of Texas at Austin, Bureau of Economic Geology, Micellaneous Map, No. 45, scale 1:100,000.

Collins, E. W., 2007, Geologic map of the Mumford quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map, scale 1:24,000.

Collins, E. W., 2007, Geologic map of the Tunis quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map, scale 1:24,000.

Collins, E. W., 2006, Geologic map of the Baileyville Quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map prepared for U.S. Geological Survey under Cooperative Agreement No. 05HQAG0046, scale 1:24,000.

Collins, E. W., 2006, Geologic map of the Maysfield Quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map prepared for U.S. Geological Survey under Cooperative Agreement No. 05HQAG0046, scale 1:24,000.

Collins, E. W., 2006, Geologic map of the Calvert Quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map prepared for U.S. Geological Survey under Cooperative Agreement No. 05HQAG0046, scale 1:24,000.

Collins, E. W., 2006, Geologic map of the Hearne South Quadrangle: The University of Texas at Austin, Bureau of Economic Geology, Open-File Geologic Map prepared for U.S. Geological Survey under Cooperative Agreement No. 05HQAG0046, scale 1:24,000.

Geologic Map prepared for U.S. Geological Survey under Cooperative Agreement No. 05HQAG0046, scale 1:24,000.

Collins, E. W., 2005, Geologic map of the west half of the Taylor, Texas, 30 x 60 minute quadrangle: Central Texas urban corridor, encompassing Round Rock, Georgetown, Salado, Briggs, Liberty Hill, and Leander: The University of Texas at Austin, Bureau of Economic Geology, Miscellaneous Map No. 43, text 16 p., scale 1:100,000.

Collins, E. W., 2005, Geologic map of the Del Rio, Texas, area: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared in cooperation with the STATEMAP component of the National Cooperative Geologic Mapping Program, administered by the U.S. Geological Survey, scale 1:100,000.

Collins, E. W., 2004, Geologic map of the Center Point quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale scale 1:24,000.

Collins, E. W., 2004, Geologic map of the A Bar A Ranch quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Center Point quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Echo Hill Ranch quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Fall Creek quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Kerrville quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Legion quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2004, Geologic map of the Love Creek quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, Open File Geologic Map prepared for the U.S. Geological Survey, under cooperative agreement no. 03HQAG0053, 1 sheet, scale 1:24,000.

Collins, E. W., 2003, Geologic map of the Seymour aquifer deposits, Vernon, Texas, 30 x 60 minute quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map, scale 1:100,000.

Collins, E. W., 2002, Geologic map of the west half of the Taylor, Texas, 30 x 60 minute quadrangle: Central Texas urban corridor, encompassing Round Rock, Georgetown, Salado, Briggs, Liberty
Hill, and Leander: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:100,000.

Collins, E. W., 2002, Geologic map of the Pace Bend quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Shingle Hills quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Dripping Springs quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Driftwood quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Rough Hollow quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Payton quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Blanco quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Crabapple Creek quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Whitworth Ranch quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Rafter Hollow quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Cypress Creek quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Uhland quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Martindale quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2002, Geologic map of the Henley quadrangle: The University of Texas at Austin, Bureau of Economic Geology, open-file geologic map prepared for the U.S. Geological Survey under cooperative agreement no. 01HQAG0039, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Beaukiss quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.
Collins, E. W., 2001, Geologic map of the Fedor quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the McDade quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Lexington quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Paige quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Smithville quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Smithville SW quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Circle Bluff quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Rio Frio quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Knippa quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Concan quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2001, Geologic map of the Winchester quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 00HQA0015, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Bastrop quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Bastrop SW quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of Blanco Lake quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Coupland quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Elgin East quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Elgin West quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQA0070, 1 sheet, scale 1:24,000.
Collins, E. W., 2000, Geologic map of the Lake Bastrop quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the New Braunfels, Texas, 30 x 60 minute quadrangle: geologic framework of an urban-growth corridor along the Edwards aquifer, South-Central Texas: The University of Texas at Austin, Bureau of Economic Geology, Miscellaneous Map No. 39, 1 sheet + 28-p. text, scale 1:100,000.

Collins, E. W., 2000, Geologic map of the Structure quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Trio quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Utey quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Vanderpool quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 2000, Geologic map of the Utopia quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 99HQAG0070, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the West Hueco Bolson, El Paso region, Texas: The University of Texas at Austin, Bureau of Economic Geology, Miscellaneous Map No. 40, 24-p. text, scale 1:100,000.

Collins, E. W., 1999, Geologic map of the Briggs quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Comanche Waterhole quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Flat Rock Creek SW quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Flat Rock Crossing quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Liberty Hill quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Luling quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.
Collins, E. W., 1999, Geologic map of the Magers Crossing quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Mahomet quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Mud Creek North quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Mud Creek South quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Nameless quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Sabinal quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1999, Geologic map of the Seco Pass quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Paine, J. G., and Collins, E. W., 1999, Geologic map of the Prairie Valley School quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 98HQAG2040, 1 sheet, scale 1:24,000.

Collins, E. W., 1998, Geologic map of the Quihi quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HQ-97-AG-01765, 1 sheet, scale 1:24,000.

Collins, E. W., 1998, Geologic map of the Salado quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HQ-97-AG-01765, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Bandera quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HQ-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Cobbs Cavern quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HQ-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Jarrell quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HO-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Tarpley quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HO-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Texas Mountain quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HO-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Timber Creek quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HO-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1997, Geologic map of the Rough Canyon quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-HO-96-AG-01518, 1 sheet, scale 1:24,000.

Collins, E. W., 1996, Geologic map of the Fort Hancock NW quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-95-A-1381, 1 sheet, scale 1:24,000.

Collins, E. W., 1995, Geologic map of the Ranger Creek quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-95-A-1381, 1 sheet, scale 1:24,000.

Collins, E. W., and Raney, J. A., 1996, Reconnaissance geologic map of Sierra del Carmen, West Texas and Mexico: The University of Texas at Austin, Bureau of Economic Geology, Open-File Map, 2 sheets, scale 1:100,000 and 1:50,000.

Collins, E. W., 1995, Geologic map of the Pipe Creek quadrangle, Texas: The University of Texas at Austin, Bureau of Economic Geology, open-file map prepared for the U.S. Geological Survey under cooperative agreement no. 1434-94-A-1255, 1 sheet, scale 1:24,000.

Collins, E. W., 1986, Geologic map of the Pump Station Hills area, Hudspeth County, Trans-Pecos Texas (Hueco Station, Scratch Ranch, Black Mountains, and Black Mountains NW 7.5-minute quadrangles), in Kreitler, C. W., and others, Preliminary geologic and hydrologic studies of sites HUIA and HUIB in Hudspeth County, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for the Texas Low-Level Radioactive Waste Disposal Authority under contract no. IAC(86-87)-1061, scale 1:48,000.

Collins, E. W., Raney, J. A., Henry, C. D., and Gustavson, T. C., 1986, Geologic map of State Land S-15, Culberson County, Texas (part of Rustler Hills and Seven L Peak NE 7.5-minute quadrangles), in Kreitler, C. W., and others, Preliminary geologic and hydrologic studies of selected areas in Culberson and Hudspeth Counties: The University of Texas at Austin, Bureau of
Economic Geology, final report prepared for the Texas Low-Level Radioactive Waste Disposal Authority under contract no. IAC(86-87)-0828, scale 1:24,000.

Collins, E. W., Raney, J. A., Henry, C. D., and Gustavson, T. C., 1986, Geologic map of University Lands Block 46, Culberson County, Texas (Seven L Peak, Chico Draw East, Cow Mountain, and Delaware Spring 7.5-minute quadrangles), in Kreitler, C. W., and others, Preliminary geologic and hydrologic studies of selected areas in Culberson and Hudspeth Counties, Texas: The University of Texas at Austin, Bureau of Economic Geology, final report prepared for the Texas Low-Level Radioactive Waste Disposal Authority under contract no. IAC(86-87)-0828, scale 1:24,000.
